NEWS RELEASE

LR-308 Detachable Carrying Handle

A Carrying Handle That Fits The Most Popular .308 Caliber Rifles!

Striving to always provide quality accessories to the shooting community, DPMS unveils the newest accessory for your LR-308, **a .308 detachable carrying handle**. Designed to easily attach to the most popular .308 caliber flattop upper receiver rifles, including the LR-308 line of rifles from DPMS and other Picatinny Rail .308 rifles, this new detachable carrying handle allows for the use of stationary or removable iron sights. Featuring a standard 6/3 AP4 rear sight lug, this detachable carrying handle assembly weighs .65 lbs and measures 8.5" long respectively. The new carrying handle is machined from 6061-T6 aluminum bar stock, hard coat anodized matte black and easily attaches and detaches from the rifle via two thumb screws.

The LR-308 Carrying Handle from DPMS will be available February 2006.

DPMS is an industry leader in providing quality AR-style rifles, components and accessories. No other company offers more styles or configurations of AR rifles. DPMS also provides choices for high-power and small-bore shooters by offering several rifles chambered in .22LR, 5.56/.223, 6.8mm SPC, 7.62x39, .300 Remington SAUM, .308 Winchester and coming soon .204 Ruger, .243 Winchester and .260 Remington.
