**DPMS ‘*Black Cat Express*’ Set To  
Debut at SHOT Show 2007**

*The New DPMS Showroom On Wheels*

DPMS Panther Arms proudly announces its newest acquisition, the *Black Cat Express*. Though set to make its “official” debut at the 2007 SHOT Show, the *Black Cat Express* has already created a stir out on the highways as it traveled to Camp Perry, OH during the rifle competitions and to the Ducks Unlimited Outdoor Festival in Oshkosh WI. Travelers and show goers alike have commented on the “cool” graphics and the enormity of the vehicle. The 48’, state-of-the-art showroom on wheels houses a wide variety of DPMS rifles that customers can personally view and handle in order to get a better understanding of what a DPMS rifle really is. During the 2007 SHOT Show and at various shows across the country the *Black Cat Express* will be staffed by our highly knowledgeable and experienced staff who will answer questions about the new truck and trailer as well as any questions concerning the DPMS rifles, parts and accessories that will also be on display. Look for the *Black Cat Express* to be rolling into a town near you soon.
